EXPERIENCE

TECHNICAL CONSULTANT, ALFA SYSTEMS   **JULY 2023**

- Conducted stakeholder interviews to gather and analyse strict requirements, fostering effective communication, active listening, and requirement elicitation skills to ensure alignment between business needs and product development.
- Redesigned the user interface for the existing Alfa product, developing skills in user experience design and user interface prototyping to enhance the product.
- Presented findings and UI redesign proposals to stakeholders, showcasing public speaking, and presenting skills to convey information clearly and engagingly.

ONLINE ASSISTANT (General), SAINSBURYS   **JANUARY 2022 – MAY 2022**

- Worked as part of a team of 3 to organise customers' orders. This has allowed for improvements in communication and collaboration skills.
- Worked under strict time pressure for 4 hours at a time to load trolleys for orders and ensure the quality of products was maintained.
- Coordinated team members and managed time effectively to ensure accurate delivery of customers' orders.

FRONT OF HOUSE RECEPTIONIST, QUEEN MOTHER SPORTS CENTRE   **SEPTEMBER 2019 – AUGUST 2021**

- Developed strong customer service skills by greeting, welcoming, and directing customers appropriately, similarly conducting customer transactions with the team. Achieved a customer satisfaction score of 88%.
- Successfully managed customer expectations maintained high standards of professionalism and developed communication and customer-facing skills.
- Managed retail stock replenished the supply of stock on the shelves and assisted with centre deliveries, developing management skills.
- Upsold retail items and gym memberships, assisting the sales team in exceeding the monthly membership target of 180 new gym memberships per month by 20 memberships.

VOLUNTEER (PUBLIC AWARENESS), INSIDE SUCCESS UK   **AUGUST 2018**

- Increased public knowledge regarding the company, their goals, and its strategy. This led to the daily donation target of £40 being surpassed repeatedly by at least £20.
- Improved my time management and productivity by reducing time through, effective detailing of the results of the public donations which led to escalated efficiency.
- Analysed results of public donations to reduce time spent on campaigns, improving productivity and time management skills.
- Advocated for the cause by speaking to various individuals to enhance awareness, which improved my communication skills.

TECHNICAL SKILLS

Python (Advanced), **C++** (Advanced), **Java** (Intermediate), **JavaScript** (Intermediate), **HTML** (Intermediate), **CSS** (Intermediate), **SQL** (Intermediate)

PROJECTS

Link to projects: https://github.com/JaredFA363

Notable Projects:

Community Bridges Trust Charity website

- A group project to redesign a charity's website, The Community Bridges Trust.
- Created the website using WordPress.
- Our group gathered requirements, then followed accessibility guidelines and client suggestions to redesign the website.

Cloud Storage System

- A school group project to build a cloud-based storage system using Docker, SQL, and Java.
- For the front end I used JavaFX.
- The application allows users to save files and folders to a cloud storage system.

Flask social media application

- A passion project to build a full-stack website using Python, HTML, CSS & JavaScript.
- Combined multiple languages into one project.
- Focused on design and creating a user-friendly product.
